

### **JOB OPENING: ELECTRIC LINE MANAGER**

Due to an upcoming retirement, Algonia Municipal Utilities seeks a qualified candidate for the Electric Line Manager position. The Electric Line Manager oversees the construction, maintenance, and operation of the electric utility's distribution and transmission systems, as well as coordinating and assisting with the construction and improvements of the Communications Distribution System. This role involves managing crews, ensuring safety compliance, coordinating projects, and maintaining system reliability. The manager works closely with other utility departments. The manager also plays a key role in budgeting, resource allocation, and staff development.

Applicants must reside in the Algonia Municipal Utilities service area or another location approved by the General Manager. A candidate must have a high school diploma or GED and eight to nine years of experience as an Electric Line Worker. Certification as a Journeyman Line Worker is required. An Associate's degree in Power Line or an equivalent program is preferred. The full job description and application are available on our website at [www.netamu.com](http://www.netamu.com). An application, resume, and cover letter will be accepted by email to [hr@netamu.com](mailto:hr@netamu.com) or at the AMU Office, 104 W Call St, Algonia, IA.

Resumes will be accepted until September 19, 2025. Offers are contingent on passing a background check and a pre-employment functional job analysis.

*Algonia Municipal Utilities is an Equal Opportunity Employer.*
