

NOTICE OF PUBLIC INFORMATION MEETING
ALGONA MUNICIPAL UTILITIES

AMU is holding an important public informational meeting to discuss a significant grant that AMU has received. This grant will fund crucial improvements to our electric grid, enhancing its resiliency and reliability for all residents and businesses.

Algona Municipal Utilities has been awarded the Grid Resilience State and Tribal Formula Grant through the United States Department of Energy. The Iowa Economic Development Authority was awarded this grant, and Algona Municipal Utilities is the subrecipient. This funding is specifically designated to strengthen our local electric infrastructure, making it more robust and less susceptible to outages caused by severe weather events, equipment failures, or other disruptions.

These improvements will have a direct and positive impact on our community by:

- Reducing the frequency and duration of power outages: Leading to more consistent and dependable electricity service.
- Enhancing public safety: Ensuring critical services remain operational during emergencies.
- Supporting local economic stability: Providing reliable power for businesses and essential services.
- Modernizing our infrastructure: Preparing our community for future energy needs and challenges.

We understand you may have questions about this project and its benefits to our community. To provide a comprehensive overview and answer your questions, we are hosting a public informational meeting:

Date: Wednesday, November 12, 2025

Time: 6:00 PM

Location: Board Room, AMU Office Building, 104 West Call Street, Algona, Iowa

Representatives from Algona Municipal Utilities, NIACOG (North Iowa Council of Government), and DGR Engineering will be present to explain the project's scope, the benefits of the grant, the anticipated timeline, and how these upgrades will specifically impact our community. There will be a question-and-answer session.

Your input and understanding are vital to the success of this initiative. We strongly encourage you to attend this meeting to learn more and share your perspectives.

Published upon order of Algona Municipal Utilities of Algona, Iowa.
